Petition for Revival of Application filed under 37 CFR 1.17(m)

Re: United States Patent Application No. 10/709,595 ('595 Application)

**Title: Induction Heating Apparatus For Controlling the Welding
Parameter For Heat Treating a Section of Piping**

Inventor: Colin Regan

Filing Date: 05/17/2004

This petition is written in response to an Abandonment Notice dated March 17, 2006 (herein, "The Notice"). Specifically, The Notice states that the '595 Application was abandoned because "no reply has been received".

The applicant respectfully requests reinstatement of the '595 Application, and a refund of the US \$750 petition fee, and a prompt examination of the application. The evidence for this petition is given below:

- The registered office for IPX Corporation ("the Office") moved locations and the correspondence from the USPTO was not forwarded to the new office;
- A change of address form in accordance with USPTO policy has been submitted (see attached);

- The failure to fill out and submit the change of address was unintentional.

Please do not hesitate to call if you have any further questions.

Yours Truly,

Paul A. Taylor
